Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O. Starling Young, a negro aged 24, of Lexington, was arrested last week on the charge of malicious cutting and wounding William Adams in the abdomen in a row in Taylortown Monday night.

While hunting squirrels on his father's farm, Willie, the ten-year-old son of W. H. Leeming, of near Shively, accidentally struck his gun against a large rock, discharging it, and tearing three fingers from his right hand.

Winchester was visited by a very disastrous fire last week. The livery stable of J. P. Conway was totally destroyed, and another belonging to Dr. Miller is almost a complete wreck. The loss is estimated at about \$35,000.

Samuel H. Clay, secretary of the Lexington Memorial Club, is in Detroit, Mich., for the purpose of learning all the new wrinkles toward making Lexington's Club even better than it is. The Detroit Club is said to be the best in the country.

About an hour after George Freeman, a negro, condemned to hang, had died in his cell, at Paducah, Governor Willson granted the condemned a reprieve. The murderer's attempt at suicide by poisoning during the night had, however, already proved successful.

Aaron Rothkopf, a Louisville bartender, sustained several cuts about the head and hands last week while in a fight with William Harlow, a patron of the saloon. Both men were arrested, Harlow charged with malicious cutting and Rothkopf with malicious assault.

The Democrats of Louisville Friday last nominated Wm. O. Head for Mayor and W. H. Field for Judge Common Pleas Court, 1st Division. The latter is a son of Judge Emmet Field and is a candidate for the office his father filled for 30 years prior to his death.

Louisville, which at one time had 200 Chinese citizens, now has but one, a fact developed upon investigation after Elsie Sigel's murder in New York. While the 200 were resident in that city one of them committed or was accused of a crime which resulted in their exodus.

Hon. Asberry Patrick, of Magoffin county, will be designated by President Taft as the successor of Capt. Steye G. Sharpe as United States Marshal for the Eastern district of Kentucky. To Congressman Langley is given the credit for landing the appointment for a Tenth district man.

Through mistake Mrs. Howell Mann, of Carlisle, gave her infant child a dose of carbolic acid, thinking it was sweet oil. She discovered her mistake in the nick of time, and an antidote was promptly administered and the child escaped with nothing more serious than a badly burned mouth.

While administering a dose of medicine to her son, Frank Williams, who was dangerously ill with typhoid fever, Mrs. James William, wife of a Louisville shoemaker, was stricken with an attack of heart disease. She was bending over the sick man when she was stricken and fell to the floor, dying almost instantly.

At Hellier last week a 12 year old boy, son of a man named Roma, was sent to the pasture to drive home a cow. He tied a rope around the cow's neck and tied the other end to his wrist. The cow became frightened and ran, dragging the little fellow through creeks, wire fences, etc. He was fearfully mangled, and dead when picked up.

Everett L. Dix, editor of the Morehead Mountaineer, at Morehead, and Miss Lottie Stewart, of that place, were married in the parlors of the Phoenix Hotel at Lexington Wednesday morning of last week by Rev. Charles E. Powell, pastor of the Woodland Christian church. The bride is a niece of Prof. F. C. Burton, of the Morehead Normal School.

At a meeting of the Permanent Headquarters Committee of the Democratic State Central Committee held Friday at noon at the Phoenix Hotel Lexington, Lexington was unanimously chosen as the permanent headquarters of the committee. The Louisville and Nashville railroad last week took formal possession of the road.

### Life 100,000 Years Ago.

Scientists have found in a cave in Switzerland bones of men, who lived 100,000 years ago, when life was in constant danger from wild beasts. Today the danger, as shown by A. W. Brown, of Alexander, Me., is largely from deadly disease. "If it had not been for Dr. King's New Discovery, which cured me, I could not have lived," he writes, "suffering as I did from a severe lung trouble and stubborn cough." To cure sore throats, colds, obstinate coughs, and prevent pneumonia, it's the best medicine on earth. 50c and \$1.00. Guaranteed by all dealers. Trial bottle free.

### Dr. R. H. Crossfield On Mountain Schools.

So many friends of Hazel Green Academy failed to get hold of or read Dr. Crossfield's letter that they have petitioned us to reproduce it and here it is:

Dr. R. H. Crossfield, of Transylvania University, returned yesterday morning from a trip to Wolfe and Breathitt counties, where he went to investigate educational conditions. Last week he visited London, Corbin and Harboursville on the same mission.

President Crossfield made a report of what he discovered at the chapel services yesterday morning. He said that from the mountains have come many of the leaders of professional and industrial life in Lexington and Central Kentucky and that men strong of body, of limb and vigorous in intellect from the mountains would in every department of our life in Central Kentucky.

During these trips he visited the graded school and the Sue Bennett Memorial Institute at London, the graded school at Corbin, the Baptist Institution and Union College at Harboursville, Hazel Green Academy and Lee's Institute at Jackson.

Dr. Crossfield said the reason church schools had been established in the mountains of Eastern Kentucky was the fact that there is so little public education sentiment.

Another condition that renders the church school necessary is the lack of financial support given to the public schools. The new school law says that each county shall establish a high school, but the raising of the funds for the erection of a building is left altogether to the discretion of the voters of the county and the people in the mountain counties are not willing to vote sufficient tax for the purpose.

Turning to the other side of the question, Dr. Crossfield said that there were many men and women in the mountains who were exceedingly anxious to give their children the advantages of a good education, but were not able to send them away from home to school.

The speaker said that at Hazel Green there were about 300 students enrolled in the Academy, that the institution received about \$1,500, all told from its students, but that it required at least \$5,000 to conduct the academy each school year, rendering it necessary that the women of the Christian Women's Board of Missions contribute \$3,500 to cover the deficit.—Lexington Herald, May 14.
